Upper Savannah SC Works Staffing Addendum Signature Sheet
Date Prepared: September 15, 2017

Reason for Addendum: Staffing levels will determine the proportionate share percentage of facility costs for which each partner will be responsible for by location. Staffing counts should be based on planned staffing levels for the durations of the PY. During the PY, should permanent staffing changes occur, a partner may submit a written request to execute a revised addendum. Any modification to the addendum must be an agreed upon effective date and be signed by all partners.
